

INTERNSHIP OPPORTUNITY

As a federal enterprise, the **Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH** supports the German Government in achieving its objectives in the field of international cooperation for sustainable development. We work in a variety of fields and support our cooperation partners in designing strategies and meeting their policy goals. GIZ Viet Nam is currently engaged in three priority areas: 1) Vocational training; 2) Environmental policy and sustainable natural resource use; 3) Energy. For further information please visit our website: www.giz.de/viet-nam.

The project “**Promoting the transition of the energy sector in Viet Nam**” (TEV) funded by German Federal Ministry for Economic Cooperation and Development (BMZ), to foster the development of a long-term political energy transition strategy, including legal and regulatory fundamentals, as well as the transfer of technological knowledge to Ministry of Industry and Trade (MOIT).

The TEV project aims to enhance the strategic, legal, regulatory, and technological requirements for a low-carbon, environmentally friendly energy transition. Throughout TEV project, mutual benefits can be created by leveraging the expertise of Vietnamese energy stakeholders to provide advice at a high political level; learning the best energy transition strategies from international countries; analyzing socio-economic impacts of different energy transition scenarios; and promoting sector coupling such as heat supply, industry and mobility for better climate protection.

The TEV's principal implementing partners is Electricity Authority of Viet Nam – EAV, Oil, Gas & Coal Department and downstream implementing partner: NSMO.

The project is offering an internship opportunity as below:

National Intern

Duty station: Hanoi

Duration: 6 months, starting on 1st March 2026

Main activities:

- Assist the project team in the elaboration of ideas/concepts, data collection, desk research, drafting invitation, reports, contacting with relevant public agencies and stakeholders;
- Provide ad-hoc support to the partner organization and the team;
- Provide assistance to project team members in regard to internal meetings and discussions (e.g., protocol preparation, minute meeting notes, etc.) when required;
- Provide translation services when needed (between English and Vietnamese);
- Support to the preparation of workshops, trainings, field visit and other events;
- Perform other duties and tasks at the request of management.

Requirements:

- Vietnamese nationality;
- Currently undertaking or has recently completed postgraduate/bachelor studies in engineering, energy/electrical engineering or a comparable course of study;
- Have interest in the energy sector, in particular renewable energy and/or in development cooperation. Have good understanding on AI and digitalization and power technology is an asset;
- Previous experience in a team – project (be it an official or intern position) is an asset;
- Previous professional experiences in the context of international development cooperation;
- Excellent oral and written communication skills in English and Vietnamese.
- Strong MS Office, organizational and analytical skills;
- Highly motivated to learn and to contribute to a young and dynamic team of international and national staff with the aim to sustainable development of the power sector in Viet Nam;
- Ability to work very precisely and flexibility;
- Willing to take on responsibility and travel to project sites for work if necessary;
- The internship requires university enrolment or the finalization of your degree **no longer than six months** ago upon commencement of the internship.

Apart from a monthly internship allowance, the successful candidate will enjoy good learning environment and professional and dynamic working conditions.

Interested qualified candidates are invited to send the latest curriculum vitae, cover letter and copies of relevant certificates and references by email to office.energy@giz.de before **15th January 2026**.

The internship is expected to start on 01st March 2026 and last for 6 months.

Note: Please state “**Application for the Internship – ESP/TEV**” in the subject line. Only short-listed candidates will be contacted after the deadline. Telephone contact is not encouraged.

GIZ – YOUR PARTNER FOR A BETTER FUTURE
